Dear Ladies and Gentlemen,

The cooperation with Weconn so far has been to our complete satisfaction. Weconn establishes contact with Russian manufacturers of building materials that are interesting for a market entry in Germany and takes care of the establishment of a business relationship and subsequently the export/import of the goods to Germany in close cooperation.

Above all, the quality and speed of the research, the initiation and support in the communication up to the conclusion of the contract and order processing are particularly positive in the cooperation. We at bobbie Deutschland GmbH look forward to further successful cooperation.

With kind regards

Marcel Baumann

Head of Manufacturer Integration
